

Are you interested in working for a company that combines the benefits of a start-up with those of a large company?

Ohly is part of the Associated British Foods (ABF) group, a diversified international food, ingredients and retail group with sales of £15.4bn, 133,000 employees and operations in 50 countries across Europe, southern Africa, the Americas, Asia and Australia. ABF is a broad portfolio of businesses which includes Primark, Ovaltine, Twinings, AB Enzymes, and is the world's second largest producer of both sugar and baker's yeast.

Within the model of devolved autonomy operated by ABF, Ohly develops and implements its own strategy and runs its own P&L (profit and loss account). This empowers our people with great freedom and independence, while enjoying all of the benefits and opportunities that belonging to a global group brings, meaning that individuals and teams can make a real difference within this operating culture.

We are looking for a committed and highly motivated student to support our Innovation-Team in Hamburg for a period of 6 months at the earliest possible date:

Mandatory Internship in R&D: Yeast Extract based Flavor Development

The Role & Your Tasks

As part of the Innovation-Team you will support Ohly GmbH with the development of a new yeast extract for food application.

Your tasks include primarily:

- Design an experimental plan and execute lab trials
- Fine-tune the recipe and the process parameters
- Be part of the sensory panel and define appropriate descriptors
- Regular reporting of data, conclusions and recommendations through meetings, presentations and written reports

Your Profile

- You are currently enrolled in a Master's program in process development of flavoring products, flavor formation, flavor chemistry, or related fields
- Previous hands-on experience conducting lab trials and food application
- Good understanding of Maillard reactions
- You have good tasting skills and palate
- You have good communication and reporting skills
- You are a team player and are able to work independently
- You have good command of English, both spoken and written
- Basic knowledge of German is a bonus

If you are interested in this internship position, please upload a motivation letter, your CV and - if available - relevant references to our career centre <https://www.ohly.com/en/careers/> by clicking on the "apply" button. Please mention your earliest possible start date and length of internship.
